

Lesson 15 – Dipendenti B2 – 16th June, 2026

Homework:

- For those of you who have already presented their powerpoint slides in class, please **print out a copy** and **hand it in in class next time** (or whenever you come to class). Please make sure you run your slides through an AI application of your choice to ensure **accuracy** and **appropriateness** of the expressions and terminology you use.
- For those of you who have not presented yet, we look forward to your presentations over the next few weeks!
- **Keep your English going in the background** with experiences of your choice: 6 minute English, BBC readings, TV series, etc.
- **Think about/write down any questions** you have about some of the presentations we have seen so far. Base your questions on what you can remember from class. We will upload the slides as soon as we have final copies post-presentation.

End of course oral test:

- The end of course test is a speaking activity and will take place in one of the two final lessons of the course. If you cannot be present, we can arrange for an alternative date.
-
- The aim of the end of course speaking test is to provide you with input and feedback for your English for the future.

- The end of course test will be a short interview (5 -8 minutes) where you will be asked to talk about yourself (Where are you from? What do you do in your free time? What is your job? Etc.). You will also be asked to talk about your job as you described it in your presentation.

The course will test three aspects of your language learning and competence:

- Your ability to use AI in support of your writing and learning
- Your speaking
- Your improvement in terms of accuracy and/or fluency since the beginning of the course (Self-evaluation and teacher-evaluation).
